Hands on Activity (Experiential learning)

* Use of Hash Cards - students will be shown flash cards and will be asked about different kinds of Sentences

Art Integration - The students will be asked to write each kind of sentence in the notebooks.

Interdisciplinary linkages and infusion of Life Skills

* By doing various exercises like word grid. and puzzles, the students will be able to draw a table chart

Recapitulation - Oral revision will be done for better understanding

Resources including ICT - e books, workbook, Internet
<https://youtube/hA8SM3mWg> - Y

Assessment Items - To check the conceptual clarity various types of assessments will be done.

Exercises in the workbook and notebook will be done. Revision assignments will be given Practice sheets will also be given.

Feedback and Remedial Teaching - Slow learners will be asked to watch more videos related to the topic. They will be encouraged to do extra practice of the grammar topics covered.

Inclusive Practices and full participation without discrimination

Group Activity Watching videos

Flash cards

Real models

Live examples from classroom

Charts

MAY

Topics

Course book:

L -2 The animals

move to the city

Grammar :

Nouns

No of days required to complete the topic –

Learning Outcomes –

knowledge objectives - The students will learn about animals.

Understanding objectives -

Students will understand that animals are useful to us.

Application objectives- students will learn that we should be ready to face any kind of situation calmly and responsibly.

Skill objectives The students' moral skills will improve. They will learn that how to handle the situation when animals are in some trouble.
